B. Technical Review

The Technical Review for Planned Unit Development Option Applications is a 2-step procedure, which consists of a recommendation by the Township Planning Commission, and approval by the Township Board of Trustees. The Board of Trustees is the final approval authority for all Planned Unit Development Option Applications. The timeline for approval is fully dependent upon the quality of the plans and documentation submitted to the Township.

The completed Planned Unit Development Option Application will be placed on the agenda for public hearing and review at the next regular Planning Commission meeting, according to the submission date. All the supportive data and plans submitted with the application will be forwarded to Township Staff and Consultants for review and comments.

Reports from Township Staff and Consultants will be available the Friday before the Planning Commission meeting, and will be emailed to the titleholder of the property, or his/her appointed project agent, as specified on the Application Form.

C. Planning Commission Meeting

The Planning Commission meets on the third Wednesday of each month, at 7:00 P.M., in the Town Hall meeting room, located at 9955 N. Haggerty Road. The exception is the month of December, in which the meeting is held on the second Wednesday. If the titleholder of the property, or his/her appointed project agent, is not present for the meeting at which the Planned Unit Development Option Application will be considered, the application will be tabled and no action will be taken.

D. Board of Trustees Meeting

Following a recommendation by the Planning Commission, the application will be placed on the agenda for the next available Board of Trustees meeting. The Board of Trustees meetings are typically held on the second and fourth Tuesday of each month, at 7:00 P.M., in the Town Hall meeting room, located at 9955 N. Haggerty Road. Supportive data and plans submitted to the Planning Commission for recommendation will be forwarded to the Board of Trustees by the Community Development Department. In some cases, revised plans may be required.

E. Final Stamp

If Planned Unit Development Option Approval is granted by the Board of Trustees, 5 sets of plans must be submitted to the Community Development Department for final stamp and sign-off, following the Board of Trustees meeting. The plans for final stamp should incorporate all detail sheets that were submitted to the Planning Commission and the Board of Trustees for Planned Unit Development Option

Review, and should contain all the applicable information required in the Planned Unit Development Option Review Checklist, a copy of which is attached and made part of this packet. In addition, the plans for final stamp must reflect all changes required by the Planning Commission and Board of Trustees, as conditions of approval.

If all items have been addressed, then Township Staff and Consultants will sign off on the plans and 2 copies of the stamped plans will be made available to the titleholder of the property, or his/her appointed project agent. Upon receipt of the stamped plans, the titleholder of the property, or his/her appointed project agent, must create 1 PDF version of the stamped plans and email a copy of the PDF to the Community Development Department. This will signify the end of the Planned Unit Development Option Review process.

Planned Unit Development Option Approval is effective for a period of 1 year. Depending upon the type of ownership, the next step would either be Site Plan Review, Subdivision Plat Review, or Condominium Subdivision Plan Review. Planned Unit Development Option Approval does not constitute approval of a site plan, plat, or condominium subdivision plan.

3. APPLICATION FORM

The Application Form consists of the following 2 documents: the Planning Commission & Community Development Department Application, and the Submittal Certification.

A. Planning Commission & Community Development Department Application (2 Pages)

If the titleholder of the property chooses to appoint a project agent to act on his/her behalf, then the document must be signed by both the titleholder of the property, and his/her appointed project agent.
