WATER RATES - HELP TO KEEP THEM IN CHECK:

What time of the day you use water has an impact on what the Detroit Water and Sewerage Department (DWSD) charges for the water it provides to the Township. Water your lawn between 12:00 midnight and 6:00 am and help to keep the water rates in check. See the 2011 Water Quality Report for more important information. <http://www.plymouthtwp.org/Community/PublicNoticeDocuments/WaterQualityReport2011.pdf>
